DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Introduction

Dear Students,

We understand that scheduling elective clerkships can seem like a daunting task. To simplify the process, the Office of Clinical Advising and Clerkships (CAC) has created this guide. It is comprehensive and frequently updated, as sites will occasionally change policies and offerings.

Please note that no elective clerkship placement is guaranteed. Academic Affairs departments at individual clinical clerkship sites retain final authority regarding approval or denial of placements. If a site listed in this guide informs you that they no longer accept international medical students, do not have an affiliation agreement with RUSM, or only accept students through VSLO, please contact **clinical@rossu.edu**. This guide includes information on each site **affiliated** with Ross University School of Medicine (RUSM), including:

- Contact info
- Information on the clinical site
- Procedures to schedule electives
- Site-based requirements
- Lists of clerkships offered and Accreditation Council for Graduate Medical Education (ACGME) -accreditation

If you have additional questions or are unable to find information, you can always contact a CAC advisor at clinical@rossu.edu.

Unaffiliated sites (for new sites, not ones below referred to as "Non-Affiliate hospital site")
On occasion, students will choose to complete elective clerkships at sites that are unaffiliated with RUSM. This is acceptable with a few caveats. RUSM students may complete **only** 2 electives for a total of eight (8) weeks of elective clerkships **per** unaffiliated site. An unaffiliated site must be a teaching hospital (no private clinics), and a rotation must be ACGME-accredited.

Before applying for rotations at an unaffiliated site there are certain things we need to verify. The scheduling process for rotations at unaffiliated sites is provided below:

If the program has a sponsoring or participating institution of an accredited ACGME residency program in the specific specialty/subspecialty, it **does not** require an agreement in order for you to participate and is within a state that allows international medical students to engage in clinical rotations, you may apply as you wish.

If the program has a sponsoring or participating institution of an accredited ACGME residency program in the specific specialty/subspecialty and **does** require an agreement in order for you to participate and is within a state that allows international medical students to engage in clinical rotations, CAC will need the name of the site, address, phone number, email address, name of the site coordinator, as well as the requested rotation name, dates, and rotation ACGME number.

Please note: we request a minimum of 90 days prior to the expected start date for an agreement to be finalized. Approved affiliation agreements are never guaranteed and depend on both legal parties coming to an agreement.

© 2026 Ross University School of Medicine. All rights reserved.

DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

This process may take longer than 90 days, so it is important for you to inquire with each program well in advance.

If the program **is not** a sponsoring or participating institution of an accredited ACGME residency program, **does not** require an agreement in order for you to participate and is within a state that allows international medical students to engage in clinical rotations, the below information is required.

The CAC office must receive the following documentation before the anticipated start date of the requested rotation so that the Clinical Director may review and approve it before beginning:

- syllabus for the elective curriculum, including the goals, objectives, and expected learning outcomes for the elective;
- a schedule of daily activities;
- who will evaluate the student;
- how will the evaluation be conducted; and
- what criteria will be used for the evaluation process.
- The name and credentials of the attending physician [CV] who will be responsible for the elective must be submitted along with a curriculum.

Please be aware that students are HIGHLY discouraged from completing rotations at nonaffiliated sites that are not ACGME-accredited.

It is important to **verify the cost of tuition** so you know your financial obligations since you may be required to pay the site directly. If you have questions or require any assistance with the application process, please contact one of our CAC Advisors by phone at (754) 208-4589 or email clinical@rossu.edu.

The process to research and request electives at unaffiliated sites is as follows:

a) First, student must contact the site and ask if they accept RUSM medical students for rotations. Sometimes websites are not up to date, so it is important to speak with someone within their Graduate Medical Education office. Make sure to obtain the name of the person you spoke with, their title, and contact information.
b) If the site accepts RUSM students, ask if the site accepts students for the rotations and dates being requested.
c) Student must check if the elective clerkship is ACGME-accredited.

Student must also determine if the clinical site requires an affiliation agreement. If so, one must be drafted and sent to RUSM's legal department. This process may take a minimum of 90 days, so plan accordingly (keep in mind that affiliation agreements may or may not be accepted by either the site or RUSM).

If the above are "yes," then student may submit the complete application package to CAC (student is responsible for determining exactly what documentation is required by the student and RUSM, which may be all or any of the following items: the site application form, any fees required, CV if required, letter of intent if required, health documents, etc.). This can be attached in an email to clinical@rossu.edu. Once received, CAC will complete RUSM's portion of the application and either send directly to the site on student's behalf; or send to student to send to the site directly. Once a rotation confirmation email is received by student, this should be sent to clinical@rossu.edu, the student schedule will be updated and the standard documents will be sent to the site – malpractice insurance, blank evaluation form(s), letter of good standing and/or transcript, if requested by the site.

DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Ross Non-Affiliate Form

When applying to a non-affiliate site, it's required to also **complete a Ross non-affiliate form** via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital

This formally informs Ross you're applying to a non-affiliate site pending approval and a possible affiliation agreement. It's required to include the site information, 10-digit rotation ACGME-number, rotation name, and rotation dates (tentative dates are acceptable). Once submitted, you'll receive further instructions on the non-affiliate process.

If you're applying for, for example Family Medicine, Internal Medicine, or Emergency Medicine, specify on the Non-Affiliate form whether it's an elective or a Sub-I (there are different schedule codes for each).

Limits

A total of 42 weeks of elective rotations may be taken. Each elective clerkship should be at least 4 weeks in duration. Internal medicine electives include family medicine, neurology, emergency medicine, radiology, ophthalmology, sports medicine, critical care, dermatology, PM&R, as well as all the traditional internal medicine subspecialties.

The following electives meet Internal Medicine (IM) requirements:

Accident & Emergency	Dermatology	Physical Medicine & Rehab.
Acute Medicine	Emergency Medicine	Preventive Medicine
Addiction Medicine	Endocrinology	Pulmonary Medicine
Adult Intensive Care Unit	Gastroenterology	Pulmonary/Critical Care
Allergy and Immunology	Geriatrics	Pulmonary/ICU
Ambulatory Care	Hematology	Pulmonology
Ambulatory Medicine	Hepatology	Rehabilitation Medicine
Cardiology	Hospitalist	Renal
Cardiology/ CCU	Infectious Disease	Respiratory Medicine
Cardiology/Critical Care	Intensive Care Unit	Rheumatology
Cardiovascular Disease	Medical Sub-Internship	Sleep Medicine
Cardiovascular ICU	Nephrology	Sports Medicine
Community Medicine	Neurology	Wound Care
Coronary Care Unit	Oncology	
Critical Care Medicine	Palliative Medicine	

VSAS (Visiting Student Application Services)/VSLO (Visiting Student Learning Opportunities)

Please keep in mind that only Liaison Committee on Medical Education (LCME) schools utilize VSAS, therefore RUSM students are ineligible to apply through that system. Students are also ineligible to apply through the VSLO system. Students interested in such sites should contact site's Academic Affairs offices and find out if there is an alternative way to apply. Some sites will only accept students from LCME schools, and usually sites which require the VSAS process are LCME schools.

DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

ACGME-Accreditation

ACGME stands for the Accreditation Council for Graduate Medical Education and is the body that accredits residency programs in the USA and Puerto Rico. Because RUSM students are considered international medical graduates (IMGs), many state licensing boards have different criteria for our students to fulfill in order to become licensed in those states. One of the criteria is for the elective clerkships to be completed at a site that sponsors or is a participating institution in an ACGME-accredited residency program in that specific specialty. It is not sufficient for an internal medicine program to sponsor a subspecialty (e.g., radiology). In the state of California, if a site has a family medicine (FM) residency program, their medical board may allow a rotation to be considered for credit toward licensure due to their acceptance of the rotation being conducted under the auspices of the FM umbrella. Some states do not. **RUSM limits the number of non-ACGME rotations students may complete in part to help preserve future licensure options across jurisdictions.**

. The ACGME-accreditation information for each site can be found at the www.acgme.org website. For our affiliated sites, research has already been done for you, and the ACGME-listing for the clerkships offered can be found in this guide. ***(Please be advised that this information may change. Students should check the ACGME site (www.acgme.org) prior to scheduling any elective clerkship)***.

Unapproved States

Students are not eligible to complete rotations in Nevada, New Hampshire, New Jersey, *New Mexico, *North Carolina, *Oregon, *Rhode Island, Texas, *Washington, and Wyoming. (*Conditions may vary by state, rotations may be requested and reviewed on a case-by-case basis).

New Jersey

Per statute, RUSM students are ineligible to complete elective or core clerkships in the state of New Jersey. Students, however, can engage in residencies and fellowships; and may obtain licensure in New Jersey.

Texas

The Texas Legislature enacted a law prohibiting the state approval body from enabling all international medical schools, among others, from independently engaging and entering into an affiliation agreement with a Texas teaching hospital.

RUSM students remain able to complete select elective rotations in Texas if they are a "visiting student" at a Texas medical school. This requires applying and gaining acceptance to an individual Texas-based medical school as a visiting student. Students may not engage in elective clerkships at individual hospitals or sites, and all applications must originate through the education affairs offices of a Texas medical school. Otherwise, RUSM students may not complete any clerkships in the state of Texas.

Important Note on Elective Clerkships

Please keep in mind that all sites – whether affiliated with RUSM or not – reserve the right to accept or deny any student for an elective clerkship based on availability, minimum United States Medical Licensing Examination® (USMLE®) Step 1 score requirement, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. **No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites has the final word on acceptance or denial of placements.**

If you have been denied a placement in an elective clerkship and feel that an error was made, please forward your information to CAC for review. They will assist you in managing the situation. Further support is available from the

Associate Dean of Student Affairs. It is in your best interest not to appeal to the site directly and imperative that you demonstrate the professionalism of a physician-in-training when scheduling elective rotations.

Cancelling an Elective Rotation

If a student changes the confirmed elective schedule for any reason with less than 45 days' notice before the scheduled start date, he or she will be charged an administrative fee of **$600** per week for the total number of weeks cancelled. This fee will be in addition to any penalty fee charged by the hospital and includes elective clerkships at both affiliated and unaffiliated sites.

If a student is administratively removed, placed on suspension, dismissed from RUSM, or unable to attend the rotation for any reason with less than 45 days' notice before the commencement of a rotation, the student will be charged the aforementioned administrative fees. Students removed, suspended, or dismissed while rotating are also subject to the financial aid guidelines as set forth in the student finance section of the Student Handbook. **Please note that some hospitals require 60 or 90-days' notice before the scheduled start date.**

No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Selecting Your Fourth-Year Elective Clerkships

Important considerations when choosing elective rotations

Identify your specialty (or specialties) of interest, and the areas/regions you desire to live in as you start your medical career. Familiarize yourself with the licensing requirements for the particular area in question, to ensure that elective selections will both meet these requirements, as well as make you a desirable candidate.

Consider the respective site's policies on IMGs. You should focus on sites that have a positive and effective relationship and history with IMGs to ensure that you have the most productive learning experience. RUSM students have had success in gaining residency spots at many of the nation's hospitals. These hospitals may be a useful place to begin your search for electives because they have historically offered residency positions to some RUSM graduates. Please refer to the RUSM Match list for more information on these hospitals (https://medical.rossu.edu/md-program/residency). (**Please keep in mind many of our students match in New Jersey. RUSM students can earn residency and fellowship positions in such states, as well as licensure; however, due to state legislation, RUSM students are unable to complete clinical clerkships in restricted states*.)

Subspecialties are important. Residency programs may like to see that you have experience that directly correlates to the specialty that you desire. This may also be your opportunity to gain a greater understanding of what that particular residency entails. A sub-internship (abbreviated "Sub-I"), or acting internship fourth-year clerkship, is where a student will perform the role of an intern or first year medical graduate, under the supervision of senior house staff and attending physicians. The rotation is generally pursued in the field appropriate to career interest. For example, a sub-I can be taken in Internal Medicine, Surgery, Pediatrics, Psychiatry, etc. Many medical students select Sub-Is at institutions where they wish to apply for residency; such rotations serve as "auditions" for the student to demonstrate his or her commitment to the outside program. Consider your future patients. For example, if you have an interest in Primary Care, maybe consider a Cardiology elective.

Consider your own clinical interests. If you have interests that extend beyond those that have fit into your core schedule of rotations, this may very well be your opportunity to explore those interests. Be PROACTIVE and Professional. Naturally this is a competitive atmosphere, so thinking about some of the considerations on this list can help you to be more organized/timely in securing the elective rotation of your choice.

DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Northeast Region

Note:** ***If you schedule electives at any site in the state of New York, please see the following:

The New York State Education Department (NYSED) requires students to seek approval before beginning their first rotations at any NY hospital. In order to adhere to this NYSED state regulation, students completing rotations in New York are required to submit an application for an approval letter. It is important you complete the NYSED application (contact hospitalsupport@rossu.edu for a copy of the application and specific requirements).

We recommend all students in New York rotations to have their updated COVID-19 vaccination information, confirming your Covid-19 booster completion, available upon request from your hospital. If you have not received your Covid-19 booster, please check with your hospital as you may be able to receive your Covid-19 booster onsite without having to visit a separate vaccination location.

Program Director (Family Medicine Program)
Dr. Stephen Moschetta
Phone: 914.536.0400
Email: smoschet@bronxcare.org

BronxCare Health System is the largest, not-for-profit health care system serving the South and Central Bronx, with 972-beds at two hospital divisions, a comprehensive psychiatric program, two specialized long-term care facilities, and an extensive BronxCare Network of medical practices, including the Dr. Martin Luther King, Jr. Health Center.

Instructions:
How to request elective clerkships at BronxCare:
Clerkships are scheduled directly through the CAC office. Please do not contact hospital directly.

Student requirements:
These documents are your responsibility and **must** be submitted **45 DAYS BEFORE** the start of your rotation to Complio. Documents should not be sent to the hospital coordinator unless requested.

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD Skin Test or QuantiFeron – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive **Quantitative** Titers – MMR, Varicella, Hepatitis B (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior)
- Seasonal Flu Vaccine – Required October 1st – June 1st
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government-Issued ID
- COLOR Passport-Size Photo (2"x2")
- Valid Health Insurance Card - U.S.A Health Plans Only
- 4Med iBook Certifications: - Infection Control Certificate (NYSED approved), OSHA / TB Protection / BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
- VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions
- COVID-19 Vaccine + booster vaccine recommended

Flushing Hospital Medical Center_(NY)

45th Avenue at Parsons Boulevard Flushing, NY 11355
www.flushinghospital.org

Clinical Site Coordinator:
Maritza Rodriguez
Email: mrodrigu@jhmc.org

Founded in 1884, Flushing Hospital Medical Center (FHMC) is a 299-bed, not-for-profit teaching hospital. It is Queens' first hospital. It is in one of the most ethnically diverse and prosperous populations in the U.S.

NOTE: To be considered for an elective rotation, students must be in their 4th year of medical school and complete all required core rotations prior to the start of the elective. **Do not directly contact any department or program personnel for a rotation.**

Instructions:

How to request elective clerkships at Flushing Hospital Medical Center:

- Applications must be submitted electronically using the following link - https://www.surveymonkey.com/r/V7C3B5K
- Applications open on the third Tuesday of each month beginning at 5pm.
- Submit applications at least 30 days prior to the requested rotation start date.
- Students can apply for a maximum of (3) rotations per application.
- Students must select desired electives in priority order.
- Students will be notified via email of acceptance or wait-list status after **7** business days of the application submission date.
- Students and medical schools will receive a confirmation email confirming their scheduled rotation(s).
- **Site has a 45-day cancellation policy**.

Rotation Cancellation:

How to cancel elective clerkships at Flushing Hospital Medical Center:

Cancellation of electives must be submitted via email only: Medstud.flushing@jhmc.org, and include the CAC office, clinical@rossu.edu. All cancellations must occur no less than **45** days prior to the rotation start date. A confirmation email will be provided to both you and Ross.

Student requirements:

Required Documentation (documents should be provided directly to the site, 45 days in advance of clerkship)

- Completion of New York Infection Control Program and HIPAA
- NYSED Long-Term Approval – hospitalsupport@rossu.edu
- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
- Seasonal Flu Vaccine

Staten Island University Hospital (SIUH) is a two-campus, 714-bed specialized teaching hospital located in New York City's fastest-growing borough. Occupying two large campuses, plus a number of community-based health centers and labs, the hospital provides quality care to the people of Staten Island, the New York metropolitan region, and to patients from around the world. SIUH maintains an academic affiliation with the State University of New York Downstate Medical Center College of Medicine, and Touro College of Osteopathic Medicine and CUNY School of Medicine, whose medical students and residents complete a portion of their training at SIUH.

Instructions:

How to request elective clerkships at SIUH:
Contact the departmental contact with the requested rotation and dates, please list alternate dates and/or electives. If you have any questions, please contact:

Department of Academic Affairs
Email: SIUH_MEDstudents@northwell.edu
Phone: 718-226-1296 or 718-226-1978

DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Example: Request rotation(s) and time frame directly to the contacts listed above for each department – please put **all** availability for easier scheduling. After rotation is scheduled and confirmed, student is forwarded info packet to complete forms as indicated, student will notify school to send confirmation of rotation with required paperwork. All paperwork must be received **4 weeks** prior to start of rotation, or rotation will be forfeited.
Students will follow-up with email before start of rotation as to information for first day of rotation. ***If you decide to cancel a rotation, email cancellation must be provided to SIUH 60 days prior to rotation start date (copy CAC)**.

Student Requirements:
Documentation required (make sure documents are available 60 days in advance of clerkship and submitted directly to the site):

- Completion of New York Infection Control Program and HIPAA
- NYSED Long-Term Approval – hospitalsupport@rossu.edu
- RUSM Health Assessment Form (Done within the last 12 months)
  - PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
- Seasonal Flu Vaccine
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
  - 4Med iBook Certifications: -Infection Control Certificate (NYSED approved), OSHA/TB Protection/ BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
  - VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions
- COVID-19 Vaccine + booster vaccine recommended

All students – for all rotations - must be mask fit tested for a mask that the hospital utilizes and is able to supply. SIUH or RUSM does not fit test medical students. Please note that you will need to find your own facility. The masks are as follows:

- 3M 8210 or 8110S Particulate Respirator N95
- Halyard Fluidshield 3 N95 PFR Size small (46827) or regular (46727) (formerly known as Kimberly Clark duckbills)

**Please provide proof of testing along with your medical forms.

Dates and rotation duration can be flexible depending on site availability. This list is not exhaustive: Not all rotations offered at site to RUSM students may be listed below. Please contact site for availability and offerings. **No rotation is guaranteed**.

St. John's Episcopal Hospital (NY)

327 Beach 19th Street, Far Rockaway, NY 11691
(718) 869-7248
www.ehs.org

Jeanie Martin, MSHSL | *Senior Program Coordinator*
Ross University School of Medicine
P 305-569-8821| **E** Jeanie.Martin@rossu.edu

Residency Coordinator:
Faazia Baksh
Email: fbaksh@ehs.org

St. John's Episcopal Hospital is a full-service community hospital serving the Rockaways, the Five Towns, southern Queens, and southwestern Nassau County communities. It provides general adult medical surgical services, pediatrics, obstetrics, and psychiatric services. The hospital is dedicated to providing post-graduate allopathic and osteopathic medical education as well as clinical pastoral education. It is committed to serving the medically underserved and providing care with ethnic, cultural, and religious sensitivities.

Instructions:
How to request elective clerkships at St. John's Episcopal Hospital:
Students should email Ms. Faazia Baksh for openings. Unless it is an elective scheduled through the MyRoss portal. If rotation is available, students receive written confirmation from Ms. Faazia Baksh. Once confirmation is received, students must forward it to the RUSM coordinator & clinical@rossu.edu.

Student Requirements:
Documentation required (make sure documents are available 45 days in advance of clerkship and submitted directly to the site):

- Physical Exam form with physician/office stamp (within 1 year)
- Immunization Documents (official laboratory results, antibody titers accepted within three years; laboratory results must reflect an immune status; proof of vaccination is required if laboratory results are non-immune)
- Rubella
- Measles
- Mumps
- Varicella
- Hepatitis B Surface Antibodies

St. Joseph's Health Hospital (NY)

301 Prospect Ave., Syracuse, NY 13203
http://www.sjhsyr.org

Coordinator Undergraduate Medical Education:
Ms. Deborah Rosatelli
Email: deborah.rosatelli@sjhsyr.org
315-448-5536

Instructions:
Students should contact the Non-Affiliate hospital site and inquire about:
Elective availability
Hospital application process
Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

1) RUSM Health Assessment Form (Done within the last 12 months)
2) PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
3) Positive Quantitative Titers - (Valid 5 years from collection date)
4) Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
5) Seasonal Flu Vaccine
6) 10-Panel Drug Screen
7) CV/Resume
8) COLOR Government Issued ID
9) COLOR passport-size photo (2"x2")
10) Valid Health Insurance Card- U.S.A Health Plans Only
11) 4Med iBook Certifications: -Infection Control Certificate (NYSED approved), OSHA/TB Protection/ BBP/ PPE Certificates,
12) HIPAA Certificate
13) ACLS, BLS & PALS Certificate
14) Level I Background Check - MUST be ordered through Complio
15) VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions
16) COVID-19 Vaccine + booster vaccine recommended

Located in West Islip, New York, Good Samaritan Hospital opened its doors in 1959. Throughout the years, modernization and renovations have made what was once a small community hospital into the hospital that it is today. The hospital is part of Catholic Health, a highly awarded health care system on Long Island. In addition to the training you receive at Good Samaritan Hospital, there's a good chance you will have exposure to the expertise offered at other Catholic Health facilities.

Surgery Sub-I	4400813428	Pulmonary**	1490831003

**Danbury Hospital is a Participating Site of the Anesthesiology Residency Program at Westchester Medical Center*
***GI and Pulmonary are ACGME-accredited through Danbury's sister hospital: Norwalk Hospital, each of these elective rotations are split: half of the month at Danbury and half at Norwalk, or vice versa.*

Special Note:

Students scheduled for fourth-year elective clerkships at Danbury Hospital (DH) will be provided a private room within the DH Dormitory Residence. There are NO exceptions to the Housing requirement. This Dormitory Residence has been renovated, and it is conveniently located within the Hospital near their Medical Library, the Computer Lab and Medical Student Lounge, which you will have 24/7 access via your DH ID Badge. All the DH Dormitory rooms are single occupancy only with a twin-sized bed (linens & towels provided), dresser, nightstand, desk, supportive chair, task lamp, mini-fridge, flat-screen TV, air-conditioning unit, closet, sink and mirrored-cabinet. There are men's, women's, and a gender-neutral bathroom on the floor, and a free laundry facility within the adjacent building. You will be provided more information and instructions about when/how to move-in by the Medical Student Education Coordinator prior to your start-date.

IMPORTANT NOTES ON HOUSING:

- There is no capacity to accommodate spouses within the DH Dormitory Residence for 4th year Clinical students: all dorm rooms are single occupancy only.

Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

- **Children are not permitted in DH Residences.** Ross students who have or who are expecting children during their rotations should consider other rotation sites.
- **Pets of any kind are not permitted** at any student housing: including dogs, cats, reptiles, rodents, etc. Not even for the purpose of "pet sitting."

Housing will be charged to student accounts – please contact Financial Aid at finaid@rossu.edu for cost and other information.

TRANSPORTATION

- Some elective clerkships are inpatient based. Other elective clerkships may have an outpatient or commuting component, and students must provide their own transportation/lodgings while rotating at Nuvance Health/ Northwell Health sites.
- Connecticut's public transit system is not robust, so it is highly recommended that you have your own vehicle to get around. Danbury Hospital has two covered parking garages; all parking at Danbury Hospital is free.

Norwalk Hospital (CT)

34 Maple Street, Norwalk, CT 06856
https://www.nuvancehealth.org/locations/norwalk-hospital

Norwalk Hospital is a 366-bed hospital that cares for patients, their loved ones and residents in Fairfield County, Connecticut and the surrounding New York Metropolitan area. We are part of Nuvance Health®, a network of seven community hospital locations and numerous outpatient facilities in the Hudson Valley and Western Connecticut. Our patients benefit from the various multispecialty groups and services across the system.

St. Elizabeth Hospital (DC)

1100 Alabama Avenue, S.E., Washington, D.C. 20032
https://dbh.dc.gov/page/saint-elizabeths-hospital

Director of Medical Student Education:
Dr. Janna Volkov
202-299-5959
janna.volkov@dc.gov

Saint Elizabeths Hospital is the District's public psychiatric facility for individuals with serious and persistent mental illness who need intensive inpatient care to support their recovery. Saint Elizabeths Hospital is also a teaching hospital with accredited full time residency training programs for psychiatry, psychology, dentistry and chaplaincy and part time training programs that includes medical students, art and dance therapy, nursing students, and social work students.

Instructions:
How to request elective clerkships at St. Elizabeth Hospital (DC):
Students should contact the Director of Medical Student Education directly to request electives and availability. If a rotation is available, students must receive written confirmation from Dr. Volkov. Once confirmation is received, the student must forward it to clinical@rossu.edu.

Student Requirements:
Documentation required (make sure documents are available 30 days in advance of clerkship and are uploaded to Complio):

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD (negative) OR negative chest x-ray OR QuantiFERON Gold
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior)
- Seasonal Flu Vaccine
- 10-Panel Drug Screen
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
- Infection Control Certificate, OSHA/TB Protection/ BBP/ PPE Certificates
- HIPAA Certificate
- ACLS, BLS & PALS Certificates
- Level I Background Check - MUST be ordered through Complio
- COVID-19 vaccination (students must be fully vaccinated)

IMPORTANT Security Clearance procedures for St. Elizabeth:
St. Elizabeth requires students to submit a negative COVID PCR test before the start of their rotations (no more than

7 days prior to the start date). Submit the results to the Director of the Medical Student Education Program Dr. Janna Volkov, MD at janna.volkov@dc.gov. They also require the completion of an additional FBI background check and drug screening - this is separate from the background check and drug screening in Complio. As soon as a rotation is scheduled, students must contact the Compliance Coordinator Deborah Spencer at 202-727-8946 or Deborah.spencer@dc.gov for the completion of this requirement. Students will not be able to rotate without security clearance.

Electives offered at site (please keep in mind no clerkship is guaranteed):
Students should contact the Director of Medical Student Education directly to request electives and availability. No rotation is guaranteed.

Elective duration is 4 weeks. Electives cannot be reduced to 2 or 3 weeks, but can be extended from 4 weeks to 5, 6 weeks, or longer if needed to satisfy the school requirement for graduation (as per individual request).

ACGME-Accreditation:
(Clerkships below are 4 weeks in duration and start the first Monday and end the last Friday of each month).

United Hospital Ctr in West Virginia (WV)

327 Medical Park Dr. Bridgeport, WV 26330
https://wvumedicine.org/united-hospital-center/

Site Coordinator:
Kim Signorelli
Kimberly.signorelli@wvumedicine.org

United Hospital Center is the result of a merger between St. Mary's and Union Protestant hospitals in 1970. This bold move provides North Central West Virginia with a regional community hospital that offers a vast array of services.

The new UHC opened in 2010 and is located along Interstate 79 in Bridgeport. The 692,000-square-foot structure rises eight stories. It is designed around the environment with the patient, family, staff, and community in mind – which includes enhanced patient privacy, a high level of technology integration, and improved access to care.

The acute care facility has 292 private inpatient rooms with a medical staff that consist of more than 381 physicians and extenders. UHC employs more than 2,500 employees and is a member of WVU Medicine.

Henry Ford Providence Hospital (MI)

16001 W. 9 Mile Rd., Southfield, MI 48075
https://www.henryford.com/locations/providence-southfield-hospital

Student Coordinator:
Rachel Curci
Email: rcurci2@hfhs.org or HFPElectives@hshs.org
Phone: 248-849-8920
Electives: https://www.henryford.com/hcp/med-ed/residencies-fellowships/providence/medical-students

Henry Ford Providence Southfield Hospital offers specialty care and 24/7 emergency care. We provide advanced surgical care for serious and life-threatening injuries and illnesses. Our care teams listen to understand your health needs and deliver care that's right for you. Henry Ford Providence Southfield Hospital is a destination for specialty care — including heart, cancer, stroke care, orthopedics and women's health.

Instructions:
How to request electives at Henry Ford Providence Hospital:
Please note that our Medical Student Program's website is under construction and will be available soon. Only students from our affiliated programs (RUSM, MSUCHM, MSUCOM, & Ross Med) may reach out via email to request a rotation. All other non-affiliated US LCME or AOA accredited schools must use VSAS for requests. Rotation requests for the next academic year (starting in June) will be accepted starting May 1st.

Any requests received prior to April 15th for the next academic year will be deleted.
Due to the large volume of requests and inquiries we ask that students to please email any questions to: rcurci2@hfhs.org. In your email, please include your school's name, rotations you are looking for and the dates you are requesting. Please do not contact the campus by phone. Visiting students may complete up to a total of 3 elective rotations at their site. We require 60 days' notice to change or cancel the rotation. This information is subject to change without notice.

Student Requirements:
Documentation required (make sure documents are available 45 days in advance of clerkship and ready submitted directly to the site)

***Completion of New York Infection Control Program – HospitalSupport@rossu.edu*

Henry Ford Genesys Hospital (MI)

Formerly Genesys Regional Medical Center

One Genesys Parkway Grand Blanc, MI 48439
https://www.henryford.com/locations/genesys-hospital

Undergraduate Medical Education Manager:
Kellie Odell
Telephone: 810-606-5987
Fax: 810-606-5636
Email: kodell3@hfhs.org
For scheduling inquiries: https://www.henryford.com/hcp/med-ed/ugme/genesys

Henry Ford Health provides a full continuum of services – from primary and preventative care, to complex and specialty care, health insurance, a full suite of home health offerings, virtual care, pharmacy, eye care and other healthcare retail.

It is one of the nation's leading academic medical centers, recognized for clinical excellence in cancer care, cardiology and cardiovascular surgery, neurology and neurosurgery, orthopedics and sports medicine, and multi-organ transplants. Consistently ranked among the top five NIH-funded institutions in Michigan, Henry Ford Health engages in more than 2,000 research projects annually. Equally committed to educating the next generation of health professionals, Henry Ford Health trains more than 4,000 medical students, residents and fellows every year across 50+ accredited programs.

Henry Ford Health serves a growing number of customers across 250+ locations throughout Michigan including five acute care hospitals, two destination facilities for complex cancer and orthopedics and sports medicine care, three behavioral health facilities, primary care and urgent care centers.

Corewell Health Helen Devos Children's Hospital (MI)

100 Michigan St. NE, Grand, Rapids, MI 49503
https://corewellhealth.org/health-professionals/continuing-medical-education/west

Academic Scheduling Coordinator:
Holly Hill
Telephone: 616-732-6219
Email: holly.hill@corewellhealth.org or chwcme@corewellhealth.org

At Corewell Health in West Michigan, our CME office is accredited with Michigan State Medical Society (MSMS) with the name of Corewell Health - West Michigan.

Our goal is to positively influence the quality of health care delivered to the people of West Michigan by supporting and providing accreditation for continuing medical education. The continuing medical education (CME) office supports and provides CME accreditation to hundreds of educational activities every year. It is expected that approved activities will result in measurable improvement in participants' knowledge, competence, and skills, therefore improving the quality of health care and patient outcomes.

About Trinity-Health Oakland Hospital (THOH)
Trinity Health Oakland Hospital is a 497-bed community teaching hospital, level II trauma center and longtime leader in health care in Oakland County. Trinity Health provides comprehensive care including cardiovascular, stroke, orthopedics, obstetrics, gynecology and cancer care. The hospital has been a leading provider of the most advanced medical care for more than 90 years. As part of Trinity Health System, we have received numerous local and national awards in recognition of our leadership, quality outcomes and clinical excellence. Our personalized care is designed to heal body, mind and spirit as we bring hope and compassion to the communities we serve.

Instructions:
How to request Elective scheduling at THOH:
All Elective scheduling is completed via the scheduler tool located on MyRoss. If there are any questions or concerns on how to complete scheduling in this format, please view the tutorial on the Student Timeline, which is available through Canvas. Students may not schedule rotations through any THOH physician or employee. All clerkships are available and scheduled through the RUSM Online Scheduling Portal only.

*All Elective schedule alteration requests (*reduction, extension, late drop, late add, etc.) must go through our RUSM Clinical Department. All Elective rotations start on the 1st Monday of the month. If an approved RUSM holiday is the 1st Monday of the month, the rotation will start the next day.*

Student requirements:
These documents are your responsibility and **must** be submitted a minimum of **45 DAYS BEFORE** the start of your rotation to Complio. Documents should not be sent to the hospital coordinator unless requested.

Mary Free Bed Rehabilitation Hospital is a 167-bed acute care inpatient rehabilitation hospital for children and adults who have experienced a brain injury, spinal injury, stroke, amputation, or other injury or illness requiring physical rehabilitation. Located in Grand Rapids, Michigan, the not-for-profit hospital expanded from 80 beds to 167 beds in early 2015. Patients come from throughout the Midwest and beyond to recover movement and function through Mary Free Bed's inpatient rehabilitation programs. In 2014, Mary Free Bed and the Michigan State University College of Human Medicine created a partnership to expand Mary Free Bed into a teaching and research hospital.

Aultman Hospital (OH)

2600 Sixth St., SW, Canton, Ohio
www.aultman.org

With 1,032 licensed beds, 885 active physicians in more than 40 different medical specialties and a staff of more than 7,300 employees, Aultman is Stark County's largest hospital and largest employer. Aultman offers high-quality health care services with a Level II Trauma Center that houses a Chest Pain Center with around the clock cath-lab access and serves as a certified stroke center. Additional centers of excellence include the Aultman Cancer Center, critical care medicine, and full service orthopedic treatment and rehabilitation.

Instructions:

How to schedule electives at Aultman:
Send an email to the Student Electives email address, student.electives@aultman.com, including USMLE Step 1 score (210 or higher score required). Alternate elective choice in case first choice is unavailable - complete the Student Profile.

Student Requirements:

If rotation is confirmed by Deb Stinnett, the following required documents are to be sent to erin.pogue@aultman.com:

- Completed application
- Documents sent to Aultman on behalf of student:
- Letter of good standing and malpractice insurance
- Completion of The New York Infection Control Program and HIPAA
- Background check (no older than 6 months)
- 7-10 panel drug test (no older than 6 months)
- Physical Exam with a 2 step PPD or QuantiFERON Gold blood test (no older than 6 months – if rotation scheduled 6+ months in advance, need an updated TB test)
- Flu shot (during flu season)
- Immunization Documents (Printed Lab report of Titers no older than 2 years; PPD no older than 6 months)
- COVID-19 Vaccine + booster vaccine recommended
- CPR Certifications

ACGME Accreditation:

*Participating institution of the Canton Medical Education Foundation/Aultman Hospital/NEOMED program

TriHealth Inc./Good Samaritan Hospital (OH)

375 Dixsmyth Avenue Cincinnati, Ohio 45220
https://www.trihealth.com/research-and-education/graduate-medical-education

TriHealth's tradition of post-graduate education of medical students began at Good Samaritan Hospital in 1858 and at Bethesda North Hospital in 1947. We are active in undergraduate medical education, accredited in graduate medical education, and committed to a curriculum of teaching and research that is innovative, applicable to practice, and responsive to community needs.
Residency programs benefit the community by teaching the next generation of physicians. The programs benefit our patients, too, because the teaching environment enhances the overall quality of care. TriHealth residency programs teach students in a nurturing environment that fosters development and success.

Summa Health System (OH)

141 N. Forge St., Akron, OH 44304
https://www.summahealth.org/
https://www.summahealth.org/medicaleducation/elective-programs/senior-elective-information

Summa Health System is an 963-bed nonprofit healthcare delivery network created by the 1989 merger of Summa Health System – Akron and St. Thomas Campuses in Akron, Ohio. The educational environment at Summa Health System combines the positive aspects of a high-quality community hospital system with the academic strengths of a major teaching and research hospital system affiliated with the Northeast Ohio Medical University (NEOMED). Dedicated to quality patient care, community outreach, and excellence in medical education and research, Summa Health System has established regional centers in cardiology, behavioral health, orthopedics, women's health, oncology, ophthalmology, and renal services. Notable services include cardiac surgery, kidney transplantation, and cancer care, as well as perinatal care, regional trauma and emergency care, and the country's first hospital-based treatment center for alcoholism. Summa Health System is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

Instructions:

For this Non-Affiliate hospital site, Ross students must receive special permission from Summa Health. **Students need to demonstrate an appropriate connection to Summa and/or the Akron area**. An example of an appropriate connection would be:

1. The student is from or has family in Akron, OH or Northeast Ohio and wants to do residency there
2. The student has family that works for Summa Health
3. The student has or does currently work for Summa Health

Students who believe they have an appropriate connection to Summa and/or the Akron area should contact medicaleducation@summahealth.org to learn what openings Summa may have. Students should specify their connection to Summa and/or the Akron area and list specific areas they'd like to rotate in as well as specific dates. If the student is granted permission, they will be put into contact with the appropriate specialty departments to discuss potential openings. Email: medicaleducation@summahealth.org. Once confirmation is received, student must forward it to **clinical@ross.edu**.

Students have to also complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

For more than 130 years, The Christ Hospital has provided the best, most compassionate care for our community. By continually reimagining what healthcare can be, they have become more than just a hospital. Today, they are an extensive network of 6,500 employees, 1,200 physicians and 600 volunteers, serving patients in more than 100 locations throughout Greater Cincinnati.

Instructions:
Students should contact the Non-Affiliate hospital site and inquire about:
Elective availability
Hospital application process
Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)

E: Adam.Williams@rossu.edu

Mount Sinai Hospital

Founded in 1919 as a 60-bed hospital to serve Eastern European Jewish immigrants and to train Jewish physicians denied educational opportunities elsewhere, Mount Sinai has a rich history of catering to the underserved. Today, the hospital serves a predominantly African American and Latino community with vigor and dedication that has only grown stronger through the years.

Mount Sinai began in 1912 as Maimonides Hospital, named for a great Torah scholar and Aristotelian philosopher born in Spain, trained as a physician and committed to a lifestyle tempered by moderation in all things. After being reorganized and renamed, it reopened as Mount Sinai Hospital in 1919.

In the 1920s, Sinai physicians stressed clinical research in areas such as cardiology, bariatrics, gastrointestinal surgery, obstetrics, and gynecology. During the Second World War, medical research became laboratory-based, with research expanding to subspecialties such as pathology, cardiology, hematology, surgery, psychiatry, anesthesiology and radiology. Most recently, the hospital campus has expanded and developed many innovative community-based programs, with impressive growth in maternal and child health, as well as in the emergency department. Today, Sinai Health System encompasses Mount Sinai Hospital, Sinai Children's Hospital, Schwab Rehabilitation Hospital, Sinai Medical Group, Sinai Community Institute and Sinai Urban Health Institute.

Holy Cross Hospital

Holy Cross Hospital was sponsored by the Sisters of St. Casimir in 1928 and began with a commitment to provide quality health care to all with compassion. Caring for the physical, emotional, and spiritual needs of community residents has always been its core mission. At the time Holy Cross Hospital was founded, there were many newly immigrated families in the community, economic times were tough and there were few area resources for health care. Under the steady direction of Mother Maria Kaupas and the Sisters of St. Casimir, the hospital grew and grew to better care for expanding neighborhoods and new residents. Today, again, Holy Cross Hospital continues to treat many people who might struggle to make ends meet. The mission stays true to Mother Maria's commitment to treat all with respect and love. Holy Cross Hospital joined Sinai Health System January 16, 2012, strengthening the capabilities of the entire system for serving communities on the Southwest and West sides of Chicago.

Saint Anthony Hospital (IL)

2875 West 19th Street, Chicago, IL 60623
https://sahchicago.org/

Saint Anthony Hospital is an independent, nonprofit, faith-based, acute care, community hospital dedicated to improving the health and wellness of the families on the West Side and Southwest Side of Chicago.
We have grown to provide medical care, social services, and community outreach to the residents of several city neighborhoods, including: Little Village, North Lawndale, Brighton Park, Garfield Park, Back of the Yards, McKinley Park, Archer Heights, Pilsen, Austin, and Chinatown, as well as suburban Cicero.
Saint Anthony offers quality services close to home, caring for people regardless of their nationality, religious affiliation, and ability to pay.

Saint Anthony Hospital is a community hospital, never turning anyone away or leaving anyone behind a community hospital, addressing the challenges that families in our neighborhood face a community-centric institution, engaging families on many levels in improving and sustaining their well-being, and a forward-thinking organization, developing new models for community care that lead to the overall success of the community.

Jackson Park Hospital (IL)

7531 Stony Island Avenue, Chicago, IL 60612
https://www.jacksonparkhospital.org/

Program Director:
Shanetta Pratt
708-927-0779
Email: info@int-clinicalclerkships.com

Instructions:
Rotations are set up through Shanetta Pratt at International Clinical Clerkships, LLC. Students should contact Ms Pratt to rotate at this Non-Affiliate hospital site and inquire about:
Elective availability
Hospital application process
Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)

Aurora Health Care (WI)

1020 N. 12th Street, Milwaukee, WI 53233
http://www.aurorahealthcare.org
https://www.aurorahealthcare.org/education/gme

Program Coordinator:
Krystal Carroll
Telephone: 414-219-5604
Email: Krystal.Carroll@aah.org

Aurora got its start in 1984 when two established Milwaukee hospitals, **St. Luke's Medical Center** and Good Samaritan Medical Center, came together to form Aurora Health Care. In 2018, Aurora Health Care merged with Advocate Health Care of Illinois to form Advocate Aurora Health. And in 2022, Advocate Aurora Health and Atrium Health combined to create **Advocate Health**, the third-largest nonprofit integrated health system in the U.S.

Kingman Regional Medical Center (AZ)

3269 N. Stockton Hill Rd., Kingman, AZ 86409
https://www.azkrmc.com/

Kingman Regional Medical Center (KRMC) is the largest healthcare provider in northwest Arizona and the only remaining non-profit hospital in Mohave County, Arizona. As a 235-bed multi-campus healthcare system, our center includes more than 1,900 employees, 270 physicians/allied health professionals, and 150 volunteers who care for the health needs of our community.

KRMC has the distinction of being Arizona's first rural teaching hospital, offering doctors residency training in family medicine and emergency medicine.

St. Agnes Medical Center Fresno (CA)

1303 E. Herndon Ave., Fresno, CA 93720
http://www.samc.com

Director, Graduate Medical Education:
Mrs. Kari J. Finfrock
Tel.: 559-450-5379
Email: Kari.Finfrock@samc.com

Saint Agnes Medical Center is a busy tertiary care hospital with over 20,000 discharges annually, offering enriching educational experiences for residents. Saint Agnes, part of the large national health system Trinity Health, is located in the heart of the Central San Joaquin Valley in California. In a defined Healthcare Provider Shortage Area (HPSA), Saint Agnes is a longstanding community benefit organization serving an extremely diverse community with a heavy disease burden as defined in the community health needs assessment. Receiving institutional accreditation from the ACGME in 2016, Saint Agnes Medical Center welcomed its first resident classes in Internal Medicine, Family Medicine, Emergency Medicine, and Transitional Year from 2018-2021. Saint Agnes hopes to enhance the local supply of physicians serving Central California and improve access to care for residents in Fresno, Clovis and the surrounding communities.

Santa Barbara Cottage Hospital is the largest private teaching hospital on the California coast between Los Angeles and the Bay Area.

With Graduate Medical Education (GME) programs in surgery, radiology, and internal medicine, physicians in training care for diverse patient populations in both outpatient clinics and hospital settings.
Led by an experienced community of physicians, Cottage GME programs are marked by an environment of collegiality and teamwork. Collaboration among residents and faculty encourages a flexibility designed to meet the individual needs and interests of every resident. At Cottage, residents are treated with respect and encouraged to maintain a balanced life—enabling residents to reach their full potential as physicians.

Instructions:
Students should contact the Non-Affiliate hospital site and inquire about:
Elective availability
Hospital application process
Costs associated with application/rotation

DISCLAIMER: Clinical Sites, Rotations Offered and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Students will then complete the RUSM Non-Affiliate Request Form via My Ross Med: log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
- Seasonal Flu Vaccine
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
- 4Med iBook Certifications: -Infection Control Certificate (NYSED approved), OSHA/TB Protection/ BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
- VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions
- COVID-19 Vaccine + booster vaccine recommended

Internal Medicine Residency Externships
The Internal Medicine externship appointment is for four weeks. Due to the individualized attention afforded to each extern, we accept only a limited number of students at any one time.

Requirements
Only students in their final year of medical school are eligible.
Letters of recommendation from the Dean of the medical school (i.e., good academic standing and school recognition of externship as approved part of training) Evidence of Malpractice insurance coverage
2-step PPD; or one recent PPD and one PPD from prior year; or QuantiFERON TB Gold
Flu shot documentation (during flu season)
Proof of COVID vaccination (copy of COVID Vaccination card)
Completed application

Responsibilities
Externs in Internal Medicine are assigned to the teaching service and work closely with the resident staff inpatient care activities in the academic program on a ward team. Patient workups are assigned by the senior resident for each

unit team. The student will attend morning report, noon conferences and two additional teaching sessions with a member of the teaching faculty twice per week.

Housing

Housing is available free of charge for one month, subject to availability. Housing is reserved on a first-come first-served basis, at the time of receipt of the extern's application. If housing is not available for the rotation dates requested, the extern must secure his or her own housing.

General Surgery Residency Externships

Santa Barbara Cottage Hospital offers 4-week externships in general surgery.

Requirements

The surgery rotations are only available to students in their fourth year of medical school who are anticipating a career in surgery.
A letter from the dean's office of the medical school verifying that the student is currently in good standing and that the school covers the student with liability insurance while the student is doing an outside/away rotation.

Responsibilities

Externs in General Surgery are assigned to the teaching service and work closely with the resident staff, particularly on inpatient care activities in the academic program. The Chief Resident in Surgery runs the teaching service under the supervision of the Director of Surgical Education.
Patient workups as assigned by the chief resident.
Scrubbing in on patients for whom work-ups have been done as well as other interesting operative procedures. There are five teaching conferences with required attendance:
Wednesday morning: M & M, Surgical Grand Rounds, Resident Teaching Conference
Friday morning: Basic Science
The outpatient general surgical clinic is held twice weekly on Tuesdays. Externs attend these clinics and may also attend the gynecology and orthopedic clinics.
The emergency room is staffed full-time and is busy. Students see these patients with the residents. Externs participate in morning and afternoon work rounds with the staff.

Housing

Housing is available free of charge, subject to availability. If housing is not available for the rotation dates requested, the extern must secure his or her own housing.

Email: carolyn.stutsman@kp.org
Office Desk: (916) 688-6413
Office Fax: (916) 688-6500

Kaiser Permanente Northern California sponsors residency programs accredited by the Accreditation Council for Graduate Medical Education (ACGME) in which physicians in training can develop personal, clinical, and professional competence under the guidance and careful supervision of the faculty and staff. The programs ensure safe, appropriate, and humane care of patients and the progression of resident physician responsibilities consistent with each resident's demonstrated clinical experience, knowledge, and skill. The teaching and research activities of Kaiser Permanente Northern California provides resident physicians with opportunities to participate in scholarly activities.

Students should submit their applications directly to kp-eastbay-ume@kp.org. The specific coordinator contact information listed below often changes. Please note that our agreement **does not guarantee** the acceptance of student applications.

An application should include the following:

- Personal statement
- Photo (optional)
- Letter of Good Standing
- CV
- Immunization records (TB/PPD/QuantiFeron, Hep B, MMR/Varicella, COVID recommended, Fit Test)
- TB test must be current within one year and should not expire during the rotation.
- USMLE/COMLEX results

Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

- Transcripts

These are the same requirements for students applying through VSLO. Internal Medicine is the only program with some flexibility; all other programs are fixed. Most rotation blocks are 4 weeks, with a few exceptions being 3 or 5 weeks (Ross only schedules **even-numbered weeks**).

You're encouraged to review the website to determine specific rotations of interest and submit applications accordingly. Requests for "whatever is available" will be rejected (you'd be surprised how often Kaiser receives these); be as **specific** as possible. Each specialty has its own review committee. Kaiser requires 4-6 weeks for onboarding, so applications for rotations less than 30 days away will be denied.

After following these application instructions, students will then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Below are the **Kaiser Hospitals** that are affiliated with Ross; some are ACGME sponsors of IM, FM, OB, Pediatrics, Cardiovascular disease, and Otolaryngology. Please note there are other Kaiser locations besides those listed. **If not listed, then they are NOT affiliated with Ross.**

Pullman Regional Hospital (WA)

835 SE Bishop Blvd. Pullman, WA 99163
https://www.pullmanregional.org/

Pullman Regional Hospital is a public, 25-bed critical access hospital with a network of a dozen clinics, located in Pullman, Washington, at the heart of the Palouse. We provide an array of treatment and prevention services, each at the forefront of the medical industry designed to provide the most comprehensive benefits to our patients. We're a small hospital known for big ideas and bold visions. More than 600 people are part of the Pullman Regional Hospital family; each and every individual contributes to our stellar reputation. A job in healthcare provides an occasion for you to serve your community and help others. Our uniqueness is not found in our physical building, technology, programs, or services. While these are important, they are only the supporting cast for our truly distinguishing feature: our people. We are dedicated to inviting those with a passion for health and healing to be part of our team.

We are the Primary Care Medical Home of the community. We get to know our patients, not only their medical diseases, but who they are on the core and their importance to us. We are compassionate, empathetic, understanding. We work together as a team and have built a family bond and a home away from home. We understand our patients and make sure we meet their needs. Every patient that walks through our doors is treated with dignity and concern. Most of our patients come in not only with health and mental issues but emotionally broken. We want to build them up and make them feel safe.

Cleveland Clinic Florida – Weston (FL)

2950 Cleveland Clinic Blvd., Weston, FL 33331
https://my.clevelandclinic.org/florida
https://my.clevelandclinic.org/florida/medical-professionals/education/medical-student-education

Medical Student Education Coordinator:
Evelyn Alvarez
Email: ALVAREE3@ccf.org
Phone: (954) 659-5469

Cleveland Clinic Florida, located in Weston, is a not-for-profit, multi-specialty, academic medical center that integrates clinical and hospital care with research and education. Cleveland Clinic Florida has more than 215 physicians with expertise in 40 specialties. The medical campus is fully integrated and includes diagnostic centers, outpatient surgery and a 24-hour emergency department located in the state-of-the- art hospital. Cleveland Clinic Florida has been recognized for outstanding care in the Florida region. Weston Hospital ranked No. 1 in the Miami-Fort Lauderdale metro area, according to *U.S. News & World Report's* "2021-22 Best Hospitals" rankings (reference). Cleveland Clinic Florida is an integral part of Cleveland Clinic Ohio, where providing outstanding patient care is based upon the principles of cooperation, compassion, and innovation. Physicians at Cleveland Clinic are experts in the treatment of complex conditions that are difficult to diagnose.

Instructions:
How to request electives at Cleveland Clinic Florida:
Please visit the CCF Medical Student website at https://my.clevelandclinic.org/florida/medical-professionals/education/medical-student-education

Complete the application https://my.clevelandclinic.org/-/scassets/files/org/florida/professionals/medical-student-education/elective-application-2026.pdf?la=en and submit it to medstudents@ccf.org

University of Miami SOM – Gordon Ctr (FL)

1120 N.W. 14th Street Miami, FL 33136
gordoncenter.miami.edu

Student Coordinator:
Kristie A. Pino
305-243-9741
kxp656@med.miami.edu

The Gordon Center is a designated Center of Excellence of the University of Miami Miller School of Medicine. It was established more than 45 years ago for the application of advanced technology to medical education for medical students, physicians, physician assistants, nurses, paramedic/firefighters and instructors. More than 2,000 medical centers and agencies worldwide use the educational systems and training curricula developed at the Center. The Center occupies a 34,000 sq.ft. state-of-the-art facility, with the capability for simulation and design engineering, production and manufacturing. It houses a high technology auditorium, self-learning laboratory, standardized patient training area, emergency rescue vehicle, car for extrication of trauma victims, disaster response decontamination showers and mock emergency department.

University of Florida College of Medicine – Gainesville (FL)

1600 SW Archer Rd., Gainesville, FL 32610
https://osa.med.ufl.edu/catalogue/visiting-medical-student-clerkships/

Student Coordinator:
Email: UFCOM-International@ad.ufl.edu

Students follow instructions for applying to the site – you'll have to complete a non-LCME institution form. Then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

1) **How to request an elective clerkship at UF COM-Gainesville:**
   - Fourth year students from international medical schools may participate in an elective or clerkship at the University of Florida **subject to course availability and clerkship director approval.** Students must have completed all the following core clerkships: family medicine, internal medicine, obstetrics and gynecology, pediatrics, psychiatry, and surgery.
   - Students must have been instructed in safety measures and infection control precautions.
   - The USMLE Step 1 passing score or "PASS" result is a mandatory requirement. Requests to waive this will not be considered.
   - BLS Certificate.
   - Click on the visiting medical students clerkship link https://osa.med.ufl.edu/catalogue/visiting-medical-student-clerkships/
     and follow the application instructions for Non-Liaison Committee on Medical Education (LCME) Accredited International Schools. Click on the **Gainesville Campus Homepage.**
     - **Nonrefundable application processing fee of $50.00, $1,120/week rotation fee.**
     - ***Payments are due upon approval of the rotation(s) and must be submitted no less than 7 days prior to the start of the rotation(s).***
   - **Offered rotations:**
     - **Anesthesiology**
     - **Emergency Medicine**
     - **Infectious Disease**
     - **Neurology**
     - **Orthopedics**
     - **Otolaryngology**
     - **Urology**
   - **Sub-Is, Emergency Medicine, Geriatrics are not available to visiting international students.**
   - **Maximum of 8 weeks of rotations allowed, range from 2-4 weeks depending on specialty.**

University of Florida College of Medicine – Jacksonville (FL)

1 Office of Educational Affairs
653-1 West 8th Street, L15, Jacksonville, FL 32209
https://med.jax.ufl.edu/jacksonville-regional-medical-campus/procedures-nonlcmecoca-acc-inst/

Student Coordinator:
Dani Brown
email: dani.brown@jax.ufl.edu
phone: (904)244-5128
fax: (904) 244-4771
UFCOM-J-International@jax.ufl.edu

Students follow instructions for applying to the site – you'll have to complete a non-LCME institution form. Then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

- Please email UFCOM-J-International@jax.ufl.edu at least 6 weeks prior to your requested start date and for additional information about the application process. Students are not scheduled for rotations from May-July. For additional questions, contact Student Coordinator Dani Brown.
- Students should note that not all rotations take place on the main UF Health Jacksonville campus and may require travel throughout the city. Students should refer to the Meeting Time and Place section of each course description for information regarding the location of the rotation.
- Application Fee is $50. A weekly rotation fee of $1120 will be charged for non LCME or COCA students who are approved to complete rotations at the UF College of Medicine – Jacksonville. Payment for the rotation must be made no later than 14 days prior to the start date for which you are approved. You will receive an email providing the link for payment at the time your application is approved.
- A visiting student may not displace a University of Florida student from any elective. For this reason, visiting students may not be accepted for an elective until UF students have confirmed their senior schedules. This process should be completed by mid-May. **It'll take 30 days to process your request - visiting students generally will not be approved for more than one rotation in an academic year at the University of Florida College of Medicine – Jacksonville**

- **Offered rotations:**

KCU/GME-Orlando Program (FL)

Orlando Dermatology Residency Program
151 Southhall Ln #300, Maitland, FL 32751
(407) 359-2100
https://orlandodermresidency.com/

Welcome to the KCU-GME Consortium / ADCS Orlando Dermatology Residency Program. Our training program, based at Advanced Dermatology and Cosmetic Surgery (ADCS), focuses on the training of physicians with a passion for Dermatology. Our program prides itself on specializing in medical, surgical and cosmetic dermatology for conditions of the skin, hair and nails. We also specialize in skin cancer prevention, diagnosis and treatment, pediatric dermatology and non-surgical cosmetic dermatology procedures.

At the ADCS Orlando program residents will have the potential to learn from a wealth of knowledge. Our program encompasses an array of faculty derived from the ADCS 300 Board-Certified Dermatologists, Board-Certified Plastic Surgeons, Fellowship-Trained Mohs Surgeons, Research Physicians and Dermatopathologists. Together the faculty provide individualized teachings within the clinic and one-on-one rotations with one of our Dermatopathologists. Group teachings are conducted with biweekly boot camps, book reviews, monthly journal clubs, monthly grand rounds, and biweekly dermpath lectures. Residents will rotate amongst faculty each excelling in different fields of dermatology including generalized dermatology, surgical dermatology, and cosmetic dermatology.

Ramon E. Betances Hospital-Mayaguez Medical Center (PR)

410 Hostos Ave., Mayaguez, PR 00680
https://www.mayaguezmedical.com/educacion-medica-graduada/educacion-medica/

Graduate Medical Education Coordinator:
Ms. Damaris Vazquez Candelario
Email: damaris.vasquez@mayaguezmedical.com

The Department of Graduate Medical Education aims to provide an optimal learning environment for the acquisition of knowledge, skills and attitudes of graduates. Currently, it maintains an educational consortium with Ponce Health Sciences University, Medical Sciences Campus in Río Piedras, San Juan Bautista University in Caguas and the Central University of the Caribbean in Bayamón, among others.

In compliance with the requirements of the Administration of Mayagüez Medical Center, our Department is accredited by the Council for Graduate Medical Education (ACGME). We have two fully accredited Training Programs in the branches of Internal Medicine and Family Medicine, for a total of thirty-nine Residents.

Our office is in charge of supervising the administrative and educational processes of both Residencies, rotations and electives that they use in the Institution as a teaching workshop. All pertinent information related to the application process must first be processed by Medical Education, and then submitted to the relevant Departments.

Instructions:

No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Hospital de La Concepción (PR)

P.O. Box 285 San Germán, PR 00683
https://hospitaldelaconcepcion.com/

Program Coordinator:
Dr. Vanessa Torres
Internal Medicine Residency Coordinator
Hospital de La Concepción
Tel: 787-892-1860 ext. 2605
Email: vtorres@hospitalconcepcion.org

Instructions:
Students should contact the Non-Affiliate hospital site and inquire about:
Elective availability
Hospital application process
Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via My Ross
Med: log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- *Completion of New York Infection Control Program and HIPAA*
- *Background check (no older than 6 months)*
- *7-10 panel drug test (no older than 6 months)*
- *Physical Exam (no older than 1 year)*
- *Flu shot (during flu season)*
- *Immunization Documents (Printed Lab report of Titers no older than 2 years; PPD no older than 1 year)*
- COVID-19 vaccination (students must be fully vaccinated; receiving booster is encouraged and may be mandated in the future)

Electives offered to RUSM students at site (please keep in mind no clerkship is guaranteed).

University of Puerto Rico School of Medicine (PR)

Medical Sciences Campus
P.O. Box 365067, San Juan, PR 00936-5067
http://rcm.upr.edu

Director, Curriculum Office:
Dr. Yailis Medina
Tel. : 787-758-4029
Email: yailis.medina@upr.edu

Instructions:

Students should contact Dr. Medina directly to request electives, availability, the appropriate program coordinator, and costs associated with application/rotation. UPR has its own application process and packet. If rotation is available, students receive written confirmation (confirmation must be in English).

Students will then complete the RUSM Non-Affiliate Request Form via My Ross Med:
log into medcommunity.rossu.edu/s/
Click on Schedule & Grades>under Clinical Forms & Resources, click on Request for Clerkship at Non-affiliate Hospital
Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Documentation required (in advance of clerkship, make sure all required health documentation is compliant in Complio, and submitted directly to the site):

1. *Titled: Complete Application, American University of the Caribbean SOM*
2. *Each file must be titled as labeled in the checklist to speed up reviewing the application.*

- *Transcript (ensure all required clerkships have a reported grade)*
- *Dean's approval*
- *USMLE Step 1*
- *Liability insurance*
- *Health Insurance*
- *Immunization Record*
- *Influenza/Covid*
- *NPI (National Provider Identifier – required, even as a medical student)*
- *Checklist (filled and complete)*
- *Enrollment document (MUST be signed by the student)*
- *Negative criminal background check*
- *Affiliation agreement or letter of understanding*

CANADA

Please follow the guidelines below to help inquire about elective rotations in Canada. Students are required to register for all Canadian electives through the AFMC portal – https://afmcstudentportal.ca/, including the University of Toronto, the only Ross-affiliated Canadian site. If you want to apply to University of Toronto you can go through the AFMC portal (preferred) or directly through the University of Toronto, instructions below.

AFMC (Association of Faculties of Medicine of Canada):

Represents Canada's 17 faculties of medicine and is the voice of academic medicine in this country.

Click on https://afmcstudentportal.ca/ and complete the "Homeschool Verification Form." You'll then submit it and it'll be sent to Ross to complete the school portion. Once Ross completes this, it'll be sent to AFMC – AFMC will then contact you to complete the AFMC rotation application process.

University of Toronto SOM Elective Rotations - Guidelines/Policies:

University of Toronto School of Medicine (SOM) – the link below displays AUC's institutional partnership with the University of Toronto SOM to allow for AUC students to request elective rotations through the University of Toronto SOM's lottery system.

- Visiting Elective Student Agreements | MD Program (utoronto.ca)

Institution Profile through the University of Toronto's SOM portal: Electives Catalogue and Registration System

Electives | MD Academic Calendar (utoronto.ca)

- For details on electives, refer to the Electives (ELV410) webpage: http://www.md.utoronto.ca/electives
- An online catalogue of elective experiences offered by University of Toronto faculty members, as well as electives registered by previous clerkship students, is available within MedSIS: http://MedSIS.utoronto.ca/electives/
- Registration for electives with University of Toronto faculty is also conducted within MedSIS.
- Questions regarding electives registration should be directed to the Electives course staff: http://www.md.utoronto.ca/clerkship-course-directors-and-administrators
- Hospital assignments and confirmation will be provided by the SOM after students submit their registration, are confirmed for acceptance (based on capacity), and have been cleared in collaboration with the school representatives for student paperwork processing.

GLOBAL HEALTH ELECTIVES

24 Hospital Ave., Danbury, CT 06810
https://nuvancegh.org/about-us/

The Global Health Program at the University of Vermont (UVM) was established in conjunction with Nuvance Health in 2012. In recent years, the growing interconnectivity around the world has resulted in a heightened awareness of global health and welfare. The Nuvance Health/UVM Global Health program responded to this growth in interest by creating a variety of educational and service opportunities for medical and health sciences students, residents, physicians, and health care professionals to become involved in the world of global health care. With each experience, participants become more culturally competent and equipped to provide the best care to the incredibly diverse patient populations at home and abroad.

The Global Health Program provides students with an opportunity to participate in a 6-week global health elective that is bilateral, sustainable, and engaging in nature. The program is founded on the principles of medical education in order to foster the empowerment of future global health professionals to combat health disparities and serve as global citizens.

Instructions:
How to request a Global Health elective clerkship:
Email the RUSM Global Health Coordinator, Mr. Jeffrey Anderson, jeffrey.anderson@rossu.edu to schedule an information session.

Documentation required (Provided by the Global Health Coordinator):

- *Global Health Application*
- *Copy of your passport*
- *Letter of Motivation*
- *Letter of Good Standing*
- *Global Health Liability Form*

Electives are offered in various countries; however, available locations may change periodically. Please contact Mr. Jeff Anderson for the most current list of participating countries and program updates. Please note that no clerkship placement is guaranteed.
